

# Contec<sup>®</sup>DG Dispersing Granule Technology 6-0-12

## with Turf Enhancer<sup>™</sup>

### FEATURES & USE TIPS:

- Provides deeper, extended greening of bentgrass and perennial ryegrass/Kentucky bluegrass fairways, tees and roughs, and overseeded greens and tees for up to 10 weeks
- Decreases the vertical growth of bentgrass, Kentucky bluegrass and perennial ryegrass while increasing turf quality and color uniformity
- Increases putting green turf quality and maintains color uniformity without surge growth through growth modification
- Patented dispersing granule formula
- Greatly reduces fertilizer loss due to ball, shoe & mower pickup.
- Contains manganese & magnesium to correct deficiencies.
- Nutrient plus growth regulator in a single product.

### PRODUCT SPECIFICATIONS:

<b>N - (6%):</b>	Ammoniacal nitrogen
<b>K - as K<sub>2</sub>O - (12%):</b>	Potassium sulfate, sulfate of potash magnesia
<b>Mg - (2.00%):</b>	Total Magnesium
<b>S - (13.50%):</b>	Combined Sulfur
<b>Mn - (5.00%):</b>	Total Manganese

*Following is a specimen label that may at some point be revised or otherwise become out of date. It is intended as a guide in providing general information regarding the use of this product. Always read and follow the label on the product container.*

### PRODUCT CODE:

## AGC6MDGPA4

Date: 032009  
Supersedes: 000000  
Label: C9

### PRODUCT CHARACTERISTICS:

#### **Product Type:**

Dispersible Granule  
Nutrient

#### **Nitrogen Type:**

Ammonium sulfate

#### **Particle Size:**

SGN: 75

#### **Net Weight:**

40 lbs.

#### **Coverage:**

12,000 sq. ft. at the  
full rate

**SGN 75**

**Net Wt 40 Lbs (18.14 kg)**

**KEEP OUT OF REACH OF CHILDREN  
CAUTION**

**PRECAUTIONARY STATEMENTS**

**Hazards to Humans and Domestic Animals:** CAUTION. Harmful if swallowed. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling. Causes eye irritation. Do not contaminate feed or foodstuffs. Do not graze treated areas. Do not feed clippings to livestock.

**FIRST AID**

- If in eyes:**
- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
  - Remove contacts, if present, after the first 5 minutes, then continue rinsing.
  - Call a poison control center or doctor for treatment advice.

**If swallowed:** • Call a poison control center or doctor for treatment advice.

- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to by a poison control center or doctor.
- Do not give anything by mouth to an unconscious person.

**If on skin or clothing:**

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for treatment advice.

**If inhaled:**

- Move person to fresh air.
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth if possible.
- Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-800-757-9851 for emergency medical treatment information.

**Environmental Hazards:** Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not apply to steep slopes near water or when weather conditions favor drift from target areas. Do not contaminate water when disposing of equipment, washwaters.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For use on bentgrass greens, ryegrass, and Kentucky bluegrass fairways, tees and roughs, and overseeded bermudagrass greens and tees only. Apply anytime turf is actively growing. Late fall applications to dormant turf are not recommended.

This product can be applied at 4 to 8 week intervals at the FULL RATE and 2 to 4 week intervals at the HALF RATE. The HALF RATE should be used on overseeded greens only after successful establishment. Applications should not be made after April 1st since late applications may temporarily delay resumption of bermudagrass growth and greenup in the spring.

On turf containing significant populations of Poa annua, HALF RATES should be used to avoid temporary discoloration.

**HOW TO USE**

Apply to dry foliage. For best results, water in (at least 1/4 inch) within 48 hours after application. Continue normal cultural practices after application.

If weeds are a problem, use of the appropriate The Andersons Golf Products or other herbicide product will maintain the best turf appearance.

**RESULTS TO EXPECT**

Greening of bentgrass and perennial ryegrass/Kentucky bluegrass turf areas and overseeded greens and tees will be deeper and, depending on rate and frequency, will last up to 10 weeks.

On overseeded greens, a more uniform and dense putting surface will result.

With repeat applications, growth of turf will be reduced resulting in improved density and playability of turf.

Increased tillering of ryegrass and reduction in stolon length of bentgrass have been observed. Lower water use rates of turf have been documented as well as a reduction in volume of clippings with repeated use.

**Program Scheduling**

Apply at least 14 days after overseeding with perennial ryegrass.

If weeds, disease or insect problems occur, apply a recommended control product in the same manner as is normally practiced, since the use of this product is compatible with existing control products and cultural practices.

**PRECAUTIONS**

Not for use on athletic fields under heavy traffic where maximum growth potential of turf is desired. Not for use on sod farms.

Not for use around shrubs, fruit trees, flowers or vegetable plants; however, applications to turf areas under the tree canopies will not affect or harm trees.

Do not use during periods of extreme environmental stress, such as heat, drought, or cold, or during heavy inspector disease activity. Best results occur when treated turfs is not undergoing stressful conditions.

Do not apply before overseeded greens have been successfully established. Treatments made before this time may slow ryegrass establishment and discolor bermudagrass temporarily.

Heavy rainfall or irrigation after application in areas where the soil is already saturated may cause the active ingredient to move laterally on steep slopes and collect in low areas. These areas may undergo more severe growth control for a longer period of time. To avoid this response, do not apply when soil is already saturated.

Do not use spreader settings other than those recommended. Improper rates may cause undesirable turf growth control and areas may discolor temporarily.

**SUGGESTED SPREADER SETTINGS**

These suggested spreader settings are not intended to replace calibration.

Please calibrate your spreader before applying product.  
40 lbs (18.14 kg) treats 23,900 sq. ft. (0.55 acre) at the HALF RATE  
40 lbs (18.14 kg) treats 12,000 sq. ft. (0.28 acre) at the FULL RATE

SPREADER	GROUND SPEED	WIDTH OF COVERAGE	SPREADER SETTINGS	
			HALF RATE	FULL RATE
The Andersons SF-2000, AccuPro 2000 (Cone 9)	3 mph	11 feet	0.09 Lbs/A/acre	0.19 Lbs/A/acre
Scotts Rotarys R-8, R-8A (Cone 9)	3 mph	11 feet	G	G 3/4
Lely Model W (PTO at 450 rpm) Pattern III-B	4.5 mph	36 feet	2 3/4	4 1/2
Vicon (03 Series)	4.5 mph	30 feet	12	21

Where large areas of the desirable turf have been thinned from winter damage, disease, or insects, withhold application until desired fill-in and rooting of the turf stand is achieved.

**STORAGE AND DISPOSAL**

Do not contaminate water, food, or feed by storage or disposal.

**PESTICIDE STORAGE:** Store in original container only. In case of leak or spill, contain material and dispose of as waste.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**CONTAINER DISPOSAL:** Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available. Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill or by incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.

**IMPORTANT: READ BEFORE USE:**

Read the entire Directions for Use and the Warranty Disclaimer and Limitation of Liability before using this product. If terms are not acceptable, return the unopened product container at once. By using this product, user or Buyer accepts the following Warranty Disclaimer and Limitation of Liability:

**WARRANTY DISCLAIMER and LIMITATION OF LIABILITY:**

Manufacturer warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated on the label when used in strict accordance with the directions. Manufacturer makes NO OTHER EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. To the extent consistent with applicable law, it is Manufacturer's intent to LIMIT ANY LIABILITY FOR SPECIAL, CONSEQUENTIAL OR INCIDENTAL ECONOMIC DAMAGES to refund of purchase price or replacement of product, at Buyer's choice. To the extent consistent with applicable law, Manufacturer DISCLAIMS ANY LIABILITY FOR COMPENSATORY OR OTHER DAMAGES ARISING OUT OF ANY USE CONTRARY TO LABEL DIRECTIONS. Use contrary to label directions is not permitted.

**LEGAL RIGHTS:**

THIS LIMITED WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS; YOU MAY HAVE OTHER RIGHTS THAT VARY FROM STATE TO STATE/JURISDICTION TO STATE/JURISDICTION. (RVand051403)
